

THE **Anaheim** **INSIDER**

Pip's Tips for a fantastic Visit Anaheim Experience 😊

So you have clients Travelling with Older Kids?

Here are some great ideas but don't forget to look at our wonderful website for everything you need to go-

www.visitanaheim.org

Speedzone

How about a day of fast paced go-kart racing, where the Champ Pass gives you four hours of unlimited racing along with mini golf, video games and dragster runs.

Or – ESPN Zone Anaheim

which “has it all”. Watch your favourite team play and enjoy the acclaimed American grill menu for a true American experience!

Lucky Strike

Strap on bowling shoes and let the games begin. There's also a great menu with creative twists on tacos and sliders.

Irvine Spectrum Center

If you are ready to shop seriously then this destination is a place to go, more than 1.2 million square feet of shopping dining and entertainment. The complex includes an IMAX theatre.

Shopping nearby?

Get ART to Outlets at Orange, more than 120 stores with a Vans Skate park, and you can combine with Lucky Strike above.

Raging Waters

Waterslides of all shapes and sizes including body slides, tube slides and the “Dark Hole” where a two-person raft shoots through total darkness. Raging Waters is the perfect place to cool off during the summer months. Apparently a family cabana can be reserved with an assigned server so the experience can be enjoyed by all!

Catch you next month,

Pip
